SOMD 2030 WORKFORCE DEVELOPMENT – INFORMATION FOR INTERNS (SUMMER '24)

SoMD 2030 is focused on building up the STEM pipeline, increasing career opportunities and expanding partnerships with government, industry, and academia. This collaborative effort is funded by the Naval Air Warfare Center Aviation Division (NAWCAD). The Patuxent Partnership (TPP) executes this workforce development initiative as a result of collaborative efforts on workforce development with the Southern MD Navy Alliance.

This initiative connects talented college students with paid internships in southern MD via college internship opportunities with local industry, government, and nonprofits – leading to further education and career opportunities across southern Maryland - in St. Mary's, Calvert and Charles Counties.

ARE YOU A COLLEGE STUDENT INTERESTED IN AN INTERNSHIP IN SOUTHERN MARYLAND?

We are seeking college students (rising sophomores - seniors) who are -

- Pursuing a Bachelor's degree in Computer Science, Engineering, Mathematics, Physics, Chemistry, Software Engineering, Finance, Accounting, Communications, Psychology or a related field at an accredited undergraduate institution
- Have a minimum 3.0 GPA on a 4.0 scale
- Possess strong analytical, research, and communication skills that demonstrate capacity for critical thinking
- Have a desire to learn and explore new skills, technologies
- Must be a U.S. citizen or lawful permanent U.S. resident
- Optional: experience with MATLAB, Solidworks, AutoCAD, etc.

DETAILS ABOUT THE INTERNSHIP PROGRAM

- College interns will participate in an 8-week summer internship program (30 hours/week). Tentative dates are June 10 – August 2, 2024.
- Interns will participate in regularly scheduled meetings with a designated mentor.
- Interns will complete surveys over the course of the program and jointly complete an intern performance evaluation at the mid-point and completion of the program with their mentor.
- Interns are paid $17/hour via funding provided to SOMD 2030.
- Interns must participate in professional development sessions during the program.
- Interns may choose to participate in a directed "challenge" the week of Aug 5-9 (not required).
